Dear Chief Gain,

I would like to express to you the thanks of our organization for the excellent presentations made by Sergeant P. Coleman and Officer John Chargin during our recent Lafayette Town Hall Meeting. Both the presentation and discussion by these gentlemen were of significant import towards the ultimate success of our forum. We realize that the success of a Home Security and Protection Forum is measured by the follow through of our citizens; your officers certainly helped insure a complete follow through effort.

We again thank you for your cooperation and the use of the excellent background and experience exhibited by the members of your Building Security Division.

Very truly yours,

Lloyd Townley, President
